

# Promoting Partnership Between Law Enforcement & Community

Thursday, May 28, 2015, 6:30-8:30pm  
College of Southern MD, Prince Frederick  
Building B, Multi-purpose room

There continues to be much in the news regarding race relations between law enforcement and community. What is our relationship here in Calvert County between law enforcement and community? What can be done to promote a healthy community and strengthen the partnerships necessary to prevent a crisis in police and citizen interaction? Law enforcement representatives and others will answer questions and participate in the conversation. Come share your experiences and thoughts to be part of the solution!
